

Pimpri Chinchwad Education Trust's
Pimpri Chinchwad College of Engineering

Sr No	Name of the Course	Details	Date
CAY (2021-22)			
1	Design of Steel Structure	Virtual Site Visit at Pune Railway Station	9/10/2021
2	Industrial Visit	ATAL Tunnel at Rohtang, Manali, to see the technical details of the Tunnel construction under AICTE YUVAK scheme	25-30/10/2021
3	Advanced Concrete Technology	Virtual Site Visit at Godrej Green Cove, Balewadi Rd, Mahalunge, Pune	9/11/2021
4	Structural design and drawing	Virtual Site Visit at Sai Millenium commercial complex, Vadhvani Construction, Pune	15/11/2021
5	Structural design and drawing	Virtual Site Visit Govt. Road Construction, Rajgurunagar, Pune	20/11/2021
6	Advanced Concrete Technology	Virtual Site Visit at PCCoE New Hostel building, Nigdi, Pune	27/11/2021
CAYm1 (2020-21)			
7	Advanced Concrete Technology	Namrata Developers-Happy City, Varale, Talegaon to study fly ash mix concrete	24/11/2020
8	Advanced Concrete Technology	Naiknavare Buildcon Ltd. Neelaya, Talegaon Dabhade to study Mivan construction technology	27/11/2020
9	Structural Design –I	Pune Junction for detailing of the structural steel elements	28/11/2020
10	Structural Designing and Drawing-III	Residential Building Silver Gracia, Ravet to study structural designing	4/12/2020
CAYm2 (2019-20)			
11	Building Technology and Materials	Proposed residential Building by Maha Ratna Developers and Construction "at Jambe Pune under 2019 to study centerline marking for foundation trenches, plinth filling and compaction	19/7/2019
12	Environmental Engineering-II	Sewage Treatment Plant, Kasarwadi, Pune to study working of Sewage Treatment Plant	19/7/2019
13	Infrastructure Engineering and Construction Engineering	Pune Railway Station, Pune to study components of a railway track and give a visual demonstration of points & crossings.	26/7/2019
14	Structural Design I	Pune Railway Station, Pune to study components of a steel structures and give a visual demonstration of points and crossings.	26/7/2019

15	Advanced Concrete Technology	Precast India Plant near Wade Bolhai Village, Wagholi, Pune to study India's biggest pre casting factory	14/9/2019
16	Transportation Engineering	Municipal Corporation's Hot Mix Plant in Yerwada, Pune to study process of production of Hot Mix Asphalt used in road construction.	20/9/2019
17	Structural Design III	Retaining wall, construction under Unique Group, L-Ville, Kiwale. Pune to study design of Retaining wall and water tank	23/9/2019
18	Structural Design I	Global Industrial Park, Hinjewadi. Pune to study components of a steel structures and PEB structures in Industrial Building Steel	27/9/2019
19	Advanced Concrete Technology	Global Industrial Park, Hinjewadi. Pune to study components of a steel structures and PEB structures in Industrial Building Steel	27/9/2019
20	Structural Design III	Global Industrial Park, Hinjewadi. Pune to study components of a steel structures and PEB structures in Industrial Building Steel	27/9/2019
21	Hydrology and Water Resource Engineering	Surface Instruments Division, Indian Meteorological Dept. Shivaji Nagar, Pune to study observatory, rain gauge for rainfall measurement, evaporimeter, anemometer for measurement of evaporation, wind speed	30/9/2019
22	Industrial Tour	Industrial Visit to Rajasthan to study architect design of historic monuments, site visit at luxurious bungalow at Jaipur to study architectural planning and design, site visit at WTP at Jodhpur to study various operational units and its functions and importance of water conservation	11/12/2019 to 19/12/2019
23	CONSTRO-2020	International Expo CONSTRO 2020 (16 th Series) to study the recent materials and equipment used in construction industry and to understand new innovations in construction technology	17/1/2020
24	Structural Design II	Twin Tower by Sonigara Group of Construction Ravet, Pune to study reinforcement details of structural members	29/1/2020
25	Environmental Engineering-I	Water Treatment Plant Nigdi, Pune to study various operational units and its functions and importance of water conservation	6/2/2020
26	Architectural Panning and Design of Buildings	S. B. Patil College of Architecture and Design	7/2/2020
27	Construction Management	Runal Gateway, Pune to study material management, cash flow, safety and financial management on site	13/3/2020
CAYm3 (2018-19)			
28	Environmental Engineering-II	Sewage Treatment Plant, Kasarwadi, Pune to see working of STP	21/7/2018
29	Structural Design III	Prestress Bridge Construction near Iskcon Temple, Nigdi to see Prestress Bridge Construction	3/8/2018
30	Fluid Mechanics –II	CWPRS, Khadakwasla, Pune to see hydraulic machines, Calibration of current meters and various hydraulic models	23/8/2018

31	Building Technology and Materials	Proposed School Building at Kasarwadi	28/8/2018
32	Building Technology and Materials	College of Military Engineering (CME), Khadki to see various building materials and construction techniques used in buildings through models	28/8/2018
33	Structural Analysis	Pune Junction to understand Types of Steel Structural Members	18/9/2018
34	Employability Skill Development	Company and corporate visits to see roles and responsibilities of Civil Engineers in Corporate office	12/9/2018
35	Advance Concrete Technology	Runal Gateway” project, Ravet, Pune to see High Grade Concrete on 29th September 2018	29/9/2018
36	Environmental Engineering-II	Sewage Treatment Plant, Akurdi, Pune to Environmental Engineering-II	4/10/2018
37	Structural Design III	B.G. Shirke Retaining Wall Construction Site Near Bhakti Shakti, Nigdi, Pune	4/10/2018
38	Transportation Engineering.	Construction site of multilevel flyover, Bhakti Shakti Chowk, Nigdi, Pune	4/10/2018
39	Advance Concrete Technology	Riverdale” project, Kharadi, Pune to see Self Compacting Concrete and various tests	5/10/2018
40	Transportation Engineering	PMC's Hot Mix Plant,	5/10/2018
41	Hydrology and Water Resources Engineering	India Meteorological Department, Shivajinagar, Pune to see rainfall and other hydrological measuring devices at actual observatory	8/10/2018
42	Environmental Engineering, I	Water Treatment Plant, Nigdi, Pune to study unit operation and process of water treatment plant	18 & 19/1/2019
43	Structural Design II	Parvatara by Saakshi Constructions, Ravet, Pune to study reinforcement details of structural members	1/2/2019
44	Architectural Planning and Design of Buildings	Polite Precisa (G+12) residential project to study GHIRA Compliant homes for smart energy saving.	14 to 22/2/2019
45	Dams and Hydraulic Structures	Urmodi Dam and Tarali Dam, Power House, Satara Irrigation Project Circle, Dist Satara to study Earthen and gravity dam constructional details, various components, Power house, canal structures, Energy Dissipation Device.	22/2/2019
46	Construction Technology	M/s Kalokhe RMC, Talegaon near village Ambi to study process of fully automated RMC Plant	16/3/2019

47	Engineering Geology	Talegaon, near village Ambi to study different Basalts in field, joints, and fractures in Basalts, Grouting and Bolting.	16/3/2019
48	Air Pollution & Control	Sant Tukaram Sahakari Sahkari Sakhar Karkhana Ltd., Mulshi to study the air pollution control device	23/3/2019
49	Structural Design II	Casa Grande by Dolphin Group of Construction Ravet Pune to study reinforcement details of structural members.	26/3/2019
50	Architectural Planning and Design of Buildings	Proposed Talera Hospital Building Chinchwad Pune to study public building (hospital) functional requirement and building design consideration.	1/4/2019
